## **BOOK SYNOPSIS**

"Fatimid art and architecture has always been somewhat anomalous in the history of islamic art because of the direction it grew (west to east), subject matter (figural at a time when geometry and the arabesque were developing elsewhere), and unusually rich and precise documentation in royal and popular accounts. Whereas earlier studies treated the two and a half centuries of Fatimid art and architecture as a single category, this book is the first to show how they grew and evolved over time."--BOOK JACKET.
